

La Grange Villa Departure Information

The Team hope you have had a good holiday. It would be very much appreciated if you could carry out the following small tasks before your departure.

Departure time - by 09:30

Bed linen and towels - No need to do anything at all with your bedding or towels.

Leave villa as found on your arrival - If any equipment has been moved, the caretakers would very much appreciate it to be moved back to where you found it.

Landfill waste, recycling and glass - this is the only departure task where we reserve the right to deduct £50 from your security deposit. The House Info which was sent to you by Whatsapp explains how rubbish should be disposed of. If your glass recycling is not removed and if bin etiquette has not been adhered to, £50 will be deducted.

Kitchen Key Box - Check the keys are all present – spare front door, bike store, pool cover high end, pool cover front flap, fuse box in Lavender bedroom, The Barn Twin window

Bathrooms - remove the small bin bags.

Infant equipment – clean any used equipment, ready for our next tiny, very special guests.

Kitchen – place breakfast dishes in the dish washer and turn onto a quick setting. Empty the kitchen bins.

BBQs - Gas BBQ - burn off food residue. Charcoal BBQ – empty coals and clean grills. Please let me know if a bottle has run out.

Dogs - We have toddlers enjoying the garden most weeks therefore it is imperative the gardens are thoroughly checked before your departure.

Key - Leave in the key box (code 1722) or hand to the caretakers.

Merci bien! With very grateful thanks from Tracey and The Team
